MARKET FLUCTUATED Numerous Net Gains of One to Three

New York, Jan. 10 .- Prices on the stock exchange today advanced and receded within a restricted area until the final hour, when buying of steels, shippings and a few active specialties effected numerous net gains of one to

three points. Overnight developments and inci-dents of the day seemed to exert lit-tic influence, apart from the December report of the United States Steel Corporation. This showed an increase of almost 500,000 tons in unfilled orders and marked the first gain since April, when the high record for tonnage was established. A very large per centage of the day's turnover was contributed by steels and affiliated industrials, ship-

pings, oils and war specialties. Rails were unusually apathetic some of the more prominent issues of that diviremaining unquoted until the last hour.

U. S. Steel scored an extreme ad-

tions to a point.

Advices affecting the general steel and iron industry were hardly encouraging, a number of plants being forced to suspend because of the lack

of fuel. The strength of steamship issues oils and some of the motors and ac-cessories resulted from a combination

Bonds were irregular and without especial feature. Liberty 3 1-2's changed hands at 98.76 to 98.60, first 's at 98.10 to 97.90 and second 4's at 96.62 to 96.44. Total sales, par value, aggregated \$4,450,000.
